

BEFORE
THE PUBLIC SERVICE COMMISSION OF
SOUTH CAROLINA
DOCKET NO. 2000-419-C - ORDER NO. 2003-529

AUGUST 27, 2003

IN RE: Application of Telera Communications, Inc. for)	ORDER CANCELLING
a Certificate of Public Convenience and)	CERTIFICATE
Necessity to Provide Resold and Facilities-)	
Based Interexchange and Local Exchange)	
Telecommunications Services within the State)	
of South Carolina.)	

This matter comes before the Public Service Commission of South Carolina (“Commission”) on the request of Telera Communications, Inc. (“Telera” or the “Company”) to cancel its Certificate of Public Convenience and Necessity to provide resold and facilities-based interexchange and local exchange telecommunications in the State of South Carolina. A review of the docket file reveals that the Commission granted Telera authority to provide local exchange services and interexchange services in South Carolina by Order No. 2000-995, dated December 14, 2000.

Telera, by letter dated August 6, 2003 from the Company’s controller, advised the Commission that Telera was requesting cancellation of its Certificate to do business in South Carolina. Telera asserts in its request that the Company has never conducted business or had any customers within the State of South Carolina. In addition, according to Telera, the Company holds no customer deposits and no calling cards have been distributed. Further, Telera references in its request a letter that the Company sent to the State of South Carolina on January 21, 2003, regarding the sale of Telera to Global

Technology Enterprises and states that Global Technology Enterprises is not certified to do business in the State of South Carolina. The docket file reveals that the letter referenced by Telera is on record in the present case.

As Telera is not providing the services for which the Company's Certificate of Public Convenience and Necessity was granted, the Commission finds and concludes that Telera's Certificate of Public Convenience and Necessity to provide resold and facilities-based interexchange and local exchange telecommunications services within the State of South Carolina should be cancelled.

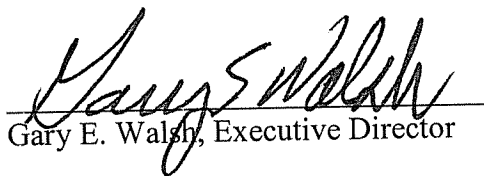

IT IS THEREFORE ORDERED THAT:

1. The Certificate of Public Convenience and Necessity to provide resold and facilities-based interexchange and local exchange telecommunications services within the State of South Carolina authorized by Order No. 2000-995, dated December 14, 2000, issued in the instant docket to Telera Communications, Inc. is hereby cancelled.
2. This Order shall remain in full force and effect until further Order of the Commission.

Mignon L. Clyburn, Chairman

ATTEST:

Gary E. Walsh, Executive Director
